

LACDMH PARTICIPATES IN ANNUAL KOREAN FESTIVAL

By Karen Zarsadias-Ige, Public Information Officer

Members of the SA 4 community outreach team from the Los Angeles County Department of Mental Health (LACDMH) hosted an information booth at the annual Korean Festival. The festival took place at Seoul International Park in Koreatown from September 18th to September 21st, 2014.

Both Jung Ahn, LCSW, Mental Health Services Coordinator, and Reyna Leyva, Community Worker, handed out resources, informational brochures and giveaways in English, Spanish and Korean languages. The resources table not only promoted mental health services but also upcoming SA 4 Korean clergy meetings where LACDMH clinicians will be talking about depression and recovery.
